

HALL WEEN SAFETY TIPS

The trees are starting to turn and the air is getting much colder at night in the Erie area! With the summer season giving way to fall, one thing that will soon be on the minds of us all is Halloween. Halloween can be very fun for all, but parents need to keep safety a priority, as their children keep candy their priority!

More than **TWICE** as many children are killed in pedestrian/vehicle incidents on Halloween between 4pm and 10pm as compared to the same hours on other days throughout the year. *1

- *Children should always trick-or-treat and cross roads with an adult.*
- *Use sidewalks if possible.*
- *Wear costumes that do not block vision and will not cause trips and falls.*
- *Carry a flashlight so you can see and others can see you.*
- *Use crosswalks if possible and look both ways before crossing.*
- *Do not enter homes of strangers*
- *Eat only factory-wrapped treats*
